BEN F. REICHERT ENTERS RACE FOR ALDERMAN

Ben F. Reichert, editor of the Cameron Enterprise for the past 17 years, and drafted by the Citizens Committee to announce for Alderman, Place 1, promises, if elected, to work in the spirit of goodwill with members of the council, and he would favor a thorough study of all matters which confront the city government. He realizes that the job entails responsibility and that it would be his duty to serve in a manner to benefit the majority.

Mr. Reichert is a Steward in the Methodist Church, a member of the K. P. Lodge and of the Texas Press, and a director in the Lions Club and Chamber of Commerce. In the latter organization, he served as president during the fiscal year 1940, and it was during his administration and at his suggestion that the organization passed a ruling that no man, after serving three terms as director, would be eligible to serve again until one year had elapsed. The plan, then adopted, still is used, and it goes a long way in bringing new personality to the directorate. It would not be amiss for the city to adopt a similar plan, thus restricting the Mayor and Aldermen to a certain number of years to serve. Reichert is local correspondent to the Temple Telegram and to the Associated Press; and, as a newspaperman, would be in position to keep the public informed thru releases to the local press as to the proceedings at the council, and he believes that the citizens of Cameron are supposed to know what goes on in city affairs because they are the taxpayers.

By virtue of having been in business here for a long time and especially so because he is in the news field, he has well learned to know of Cameron's needs and he loves Cameron because it is home and the center where his business is located.

W. H. STAFFORD ASKS FOR RE-ELECTION HERE

W. H. Stafford, Assessor and Collector of Taxes for the City of Cameron, is a candidate for re-election to that office subject to the Democratic Primary election to be held on Tuesday, February 5, 1946.

In making his announcement for re-election, Mr. Stafford submits his record of service and is happy to know that so many friends commend him for his devotion to duty and the manner in which he has conducted the affairs of the office.

At this time of the year Mr. Stafford is very busy with tax collections and it is possible he may not be able to see and talk with each one personally but wants you as a voter to know that this is his personal solicitation of your support.

Mr. Stafford has been serving in this office for a number of years. His records are always in order and he has been complimented many times on the efficient manner in which he has conducted the business of the city in this department.

Mr. Stafford expressed his appreciation for the cooperation he has received and will continue to render the same efficient service he has rendered in the past.

YOUTH PROGRAM PARTY PROVES A BIG SUCCESS

The first of a series of Youth Program entertainments was held in the high school gymnasium Monday night and more than 100 young people of the school and town were present.

The Youth Program is succeeding well here and the 'teen age group are showing their appreciation of the efforts to provide for them these social entertainments.

Mrs. Lucille Monroe, one of the sponsors for the night, reported that the program was delightfully arranged and featured table tennis, badminton, volley ball and table games and dancing. The nicelodion provided the music.

These programs are to be held each Monday night in the gymnasium. The chaperones were Mr. and Mrs. Dana Monroe, and Mr. and Mrs. John Henry Wilson.

AUGUST G. KUNZ IS ALDERMAN CANDIDATE

August G. Kunz, a veteran of World War I and a prominent civic worker of Cameron, has announced his candidacy for the office of City Alderman, Place 2, subject to the action of the city primary, February 5.

Mr. Kunz, a native of this city and drafted by the Citizens Committee, is asking for office for the first time. When a young man and after completing the local high school, Mr. Kunz attended A. & M. College for two years. His studies were interrupted, however, by the war and responding to the call of duty, he volunteered for the navy and served aboard a destroyer. After the war, he returned to the college, not as a student, but as an instructor in the Mechanical Engineering department, and taught for six years and until 1926 when he decided to enter business for himself, whereupon he introduced the Kunz Planing Mill. The popular business has been in continuous operation ever since with the exception of 18 months during the early part of the recent war, when he, in an effort to assist the war effort, served at Mill Man at Camp Hood.

Mr. Kunz is a married man and the father of five sons, two of whom served in World War II. August Kunz, Jr., navy fire controlman second class aboard the USS Philadelphia, received his discharge during November after four years in service. The young man participated in the invasion of Africa and saw action at Salerno, at the Anzio beachhead, in the Sicilian campaign, and in Southern France. He and a brother, Jim, are now engaged with their father in business. Another son, Charley, who has been in service for more than 30 months and two years across, is still stationed in Japan but is expected to return by February 15. Two younger sons are students of Yoe High and St. An.

(turn to page six)

COURT PASSES TRIAL OF CRIMINALS HERE

Roy Cusak, paroled convict under a 99-year sentence, was being returned to Texas prison Wednesday by Sheriff Carl Black after his parole had been revoked Tuesday by Governor Coke R. Stevenson.

Cusak was under indictment here by the grand jury for burglary and theft growing out of the robbery of the Skeezix Package Store and the Walker Grocery at Milano.

Sheriff Black in cooperation with Harris county officers, recovered the loot in Houston.

Ben Leland Foyt, arrested in connection with the same offenses, will be returned to Houston. He was also indicted by the grand jury. The court took the line of least resistance and turned the men over to the Houston authorities, first committing Cusak to prison when the governor revoked his parole.

Foyt was feigning insanity. His home is in Bell county.

Considerable time was taken up with development of the case and this was followed up by a grand jury indictment. Now the men will not be tried.

C. W. CRAVEY IS DEAD FROM HEART ATTACK

C. W. (Wes) Cravey, 76, died Tuesday afternoon from a heart attack.

Funeral arrangements were being made by the Green Funeral Home for 1 p.m., Thursday, January 24, 1946, with interment in the Oak Hill Cemetery.

The body will be at the Green Funeral Home and the services will be held at the Chapel.

Mr. Cravey was well known here. He had been a cobbler for 40 years in this city but during recent years was not employed due to ill health and advancing age.

Food, clothing, comfortable living quarters, medical and dental care are all furnished. You will be allowed income tax exemptions. Enlist in the Regular Army today.

Mrs. H. L. Shaw of Val Verde was a Cameron visitor Thursday.

POLL TAX MUDDLES IS EXPLAINED BY PARTY

Only a few days remain in which voters may qualify to participate in this year's elections and considerable confusion exists among two classes of voters—returned ex-service men, and voters over sixty who vote on exemption certificates.

A committee appointed by the Democratic State Executive Committee has conferred with the Attorney General on this matter. The Attorney General has issued an opinion on soldier voting which will enable ex-service men and women to vote without difficulty. It will not be necessary for them to obtain exemption certificates, or to register in order to be permitted to cast ballots. The committee will furnish all county and precinct chairmen and election judges with adequate instructions on soldier voting.

In the case of voters over sixty, however, it will be necessary for those living in cities of over 10,000 population to secure new certificates of exemption before January 31st, if they are to participate in this year's primaries and elections.

The Democratic State Executive Committee hopes that all of these persons will secure their certificates before the deadline, but fears that many may fail to do so, as in many cities of over 10,000, less than half of the exemption certificates have been renewed.

E. O. SCHILLER ASKING FOR RE-ELECTION HERE

E. O. Schiller, member of the Board of Aldermen for the City of Cameron, is asking the people to re-elect him to the office for another term, subject to the Democratic City Primary election to be held on Tuesday, February 5, 1946.

Mr. Schiller is a candidate for the nomination to succeed himself in the office and appreciates the support he has received in the past. In making his announcement Mr. Schiller said he would not make any promises but wants the people to know that if elected, he will continue to serve them as he has in the past.

Mr. Schiller, a business man and property tax payer, has been a member of the council for a number of years. His many friends point out that he is well qualified to serve in this place and they appreciate his devotion to the duties of the office.

Mr. Schiller hopes to see as many voters as possible before the election but it may not be his good fortune to see you and to ask your vote personally and he takes this method of making an appeal for your support.

As a business man Mr. Schiller believes he understands the needs of the city and will perform his duties in accordance with what he believes to be the best for the people and the city. On the Council Mr. Schiller is a member of a number of important committees.

He asks your vote and support based on his record in the past and pledges that he will be faithful to his obligations as a member of the government.

VFW CONVENTION TO BE HELD HERE IN MAY

Cameron will be the host city to the District Convention of the Veterans of Foreign Wars in early May, as was announced early Monday by Emmett Streetman, who was in Temple Sunday for a meeting of the 14th District organization.

A spirited contest developed over the next convention site and Cameron, receiving the support of a number of smaller uposts, defeated Waco. It was said the meeting here will be for one day only.

Those attending were: J. A. Henderson, H. B. McClellan, Ralph Koepf, Jack Stidman, Joe Brandenburg and Emmett Streetman.

Lt. and Mrs. E. N. Brady visited in Cameron a few days the past week. Lt. Brady reported back to San Antonio to the AAF Regional Hospital expecting his discharge within a short time. Mrs. Brady, the former Pherrol McElwath, left Cameron to visit in Temple a few days and from there she will return to Dallas.

MAYOR CHAS. C. SMITH ASKING RE-ELECTION

Mayor Chas. C. Smith is a candidate for reelection to that office, subject to the Democratic Primary election to be held on Tuesday, February 5, 1946.

Mayor Smith did not issue a platform or make any promises to the people, but submits his record and will serve to the best of his ability, doing what he believes to be the best for the city as a whole.

In making his announcement for reelection, Mr. Smith submits his record in the office he has held longer than any other man who has served as head of the City Government. In the past Mr. Smith has been very successful in building up surpluses in the treasury and in the beginning of his service years ago he found the city in a financial plight. Setting about to rectify this situation he soon brought the funds under balance and began to build up the city's credit. Much of the indebtedness of the city has been paid off under him, the result being that the city's bonded debt is the lowest of any comparable city in the United States.

Mayor Smith is very appreciative of the support he has received in seeking reelection to the office and wants the people to know of his willingness to serve them and desires to express his thanks for the cooperation he has received in the past.

He hopes to be able to see each voter and to ask for their support, but official duties and other demands on his time may make this impossible. He takes this method of asking for the support of all the voters, pledging them the same kind of service in the future he has rendered in the past.

Mayor Smith is deeply interested in the welfare of the city and has plans to make progress as soon as conditions will justify. He recognizes that the city needs certain public improvements and wants to see Cameron go forward.

If re-elected to another term he will do all he can to bring about progress and to keep the city's finances in balance and to render a worthwhile service to the people.

ROY GRIFFITH ASKING FOR RE-ELECTION HERE

Roy Griffith, member of the Board of Aldermen for the city of Cameron is a candidate for re-election to another term, subject to the Democratic Primary election to be held on Tuesday, February 5, 1946.

In requesting publication of his announcement for re-election, Mr. Griffith said he was running on his record and is not obligated to any special group of people, but is running for re-election based on what he has done in the past to serve all the people at all times.

Mr. Griffith has been a member of the Council for a number of years. During that time he has served as Mayor in the absence of the duly elected head of the government. He has held other responsible places or the council organization.

A business man, Mr. Griffith has long been identified with the city both as a citizen and taxpayer and believes he can render a continued worthwhile service to the people.

Mr. Griffith said he believed the city should make some progress or certain types of public improvements primarily the streets and sanitation but is opposed to any increase in taxes. He believes the city should go forward in accordance with the expressed wishes of the people and that when public improvements are needed the people should indicate what they want any then members of the government can proceed with assurance they are carrying out the will of the people.

Mr. Griffith may not have time to ask for your vote and support personally but hopes to do so. In case he cannot see each one he takes this method of asking for your vote and support and pledges his cooperation and best efforts to serve you well.

Your pay is clear and during your three year term in the army quite a tidy little sum can be saved to start life with later. Enlist in the Regular Army today.

B. P. Matocha of San Antonio transacted business in Cameron this week.

A. W. MC CULLIN ENTERS RACE FOR CITY MAYOR

A. W. "Mack" McCullin, one of Cameron's most outstanding young business men and perhaps the most ardent civic-service church worker in the town, is a candidate for the office of Mayor of Cameron. Mr. McCullin has a tremendous following of personal friends and admirers and was drafted by the Citizens Committee to make the race. The subject of politics is brand new to Mr. McCullin and it took hours of persuasion on the part of many local citizens interested in good government to finally get his approval to make the race.

Mr. McCullin is in the race and obligated to no one except the people as a whole, and, if elected, he would enter the office with the same spirit of good will and the same determination to do an honest job in the interest of humanity as he has demonstrated in his outstanding work in the church, the Lions Club and the Chamber of Commerce.

Mr. McCullin is the present president of the Chamber of Commerce and the rolls of that organization have far surpassed any previous high mark and the budget doubles that of any previous year. The record of accomplishment in the Chamber of Commerce this year is outstanding as those interested in the field will testify. As president of the Lions Club two years ago, Mr. McCullin saw his organization grow to new heights through a working program of unselfish service in the interest of needy people and in conducting home front war projects.

He served as county chairman of the War Chest campaign during 1944 and county subscription went over the top by more than 20 percent, and, on the following year he served as a member of the State board for that great cause. He worked over a wide area and delivered an informative address at the McCloskey Hospital in the interest of organizing counties, upon request of state officials who had found this county to be very well organized under his direction.

Mr. McCullin served as a City District chairman in all of the war bond

OK RUBBER WELDING PLANT IS EXPANDED

W. C. Pemberton, who owns the OK Rubber Welding franchise here, has expanded his plant to include recapping machinery for truck tires. Discussing the new equipment, Mr. Pemberton said:

"We are glad to announce that we have just installed an OK rubber welding truck recapper. This machine is controlled by a thermostat, that does an A-1 job of recapping. This will prove a great saving to men who own trucks. If the carcass is still good after it has been worn slick, we can recap it and get as much service out of it as a new tire at only a small charge. This machine makes our shop complete as we are now able to recap automobile and truck tires.

"We also repair any size tractor truck and automobile tire, and are in position to lend tires while we are repairing customer's tires. We always give prompt attention to tractor tires. We feel this shop will be a big help to Milam county, and we will appreciate your patronage. All work is strictly guaranteed."

Polish Stressed in Current Curriculum at The High School Year; English Class Now Largest In School; American Literature Class Large

The English Department of Yoe High School is starting a new semester. As every student is enrolled in English, it is the largest department in the school. There are four teachers of English.

The Seniors are studying the parts of a sentence and are trying to improve their use of everyday English. From time to time they have daily themes with a term theme on the vocation each wants to follow.

The 104 pupils enrolled in American literature began the Spring Semester with an introduction to Ralph Waldo Emerson. By reading the essays and memorizing quotations these Juniors get an idea of this American

ATTORNEY GENERAL IN RULING ON POLL TAX

Attached is a copy of our opinion with respect to the voting rights of servicemen and women.

We have answered the questions of county attorney Perry Jones in the order they were propounded. For your convenience, I have prepared this brief summary:

A serviceman or woman in or out of uniform, is entitled to vote at any election in Texas this year by simply showing that he is, or was within the 18 months prior to the election, in the Service and that he is otherwise qualified to vote.

The "otherwise qualified" provisions apply to all voters: They are set out in the Constitution. This section disqualifies those under 21; idiots and lunatics; paupers supported by any county; certain persons convicted of a felony; and members of the Regular establishments of the Army or Navy.

This is important: There is absolutely no requirement upon the serviceman voter to obtain any sort of certificate of exemption. The election judge determines the qualifications of all voters and the opinion clearly shows that the extent of the election judge's powers as determined by law and by precedent.

Moreover, the "oath of a well-known resident" mentioned on page 14, is discretionary with the election judge.

Perhaps much of the misapprehension over the effect of the so-called soldier voting constitutional amendment arises out of an erroneous conclusion that the amendment exempts the serviceman from the poll tax.

As the opinion clearly shows, there is no exemption from the poll tax. The serviceman is still legally liable for the poll tax. The whole point is that payment of the poll tax is not a prerequisite for voting on the part of servicemen.

Attempting to anticipate other questions, you may have:

The serviceman may vote on his affidavit if he attains the age of 21 prior to the election in which he wishes to cast a ballot.

Voting absentee ballot is exactly the same as for any other voter with the single exception of the poll tax requirement.

The legal residence of a man still in service has not been changed by reason of his service. Whether he has of his own volition changed his legal residence would be a fact question. In any event, the serviceman is entitled to vote absentee if he is not at the place of his legal residence.

GROVER SELLERS.

Julius Kamenicky, Veteran in Pacific is Soon to Be At Home

PEARL HARBOR, T. H.—Master Sgt. Julius G. Kamenicky, husband of Ora B. Kamenicky of Cameron, is one of 1,847 high-point Army veterans whom the Navy is returning to the States for discharge aboard the USS LAVACA, an attack transport of the "Magic Carpet" fleet. This ship left Okinawa, December 29, and was scheduled to arrive in Seattle about January 15.

The USS Lavaca is a unit of the Navy's tremendous fleet of auxiliaries which supplied men and materials for Allied sea and land operations in Africa, Europe, and throughout the Pacific.

philosopher's point of view and an impression of the great thoughts which have stirred the minds of men for almost a century.

The Sophomores are discussing manners and the proper way to make introductions. They have been given an opportunity to practice general conversation on different topics.

Our 96 Freshmen are reading stories and poems which show how people associate with each other in various groups from the family to the nation. Character traits which may or may not be desirable are studied in relation to personality development.

ELWOOD JOHNSON SHOT IN FROG TOWN FIGHT

Elwood Johnson, negro, returned war veteran, was shot and severely wounded around 10 p.m. Thursday, February 18, 1946 while engaged in a fight outside a beer saloon in Frog Town.

Sheriff Carl Black said early Saturday he was looking for Lanzo Colbert, negro, who is to be charged with firing upon Johnson with a .44 calibre pistol.

According to Sheriff Black the fight occurred in the street outside the Bubba Nelson beer tavern, Alfonsa and Vernon Colbert, negroes, were fighting Johnson when a third brother drove up in a car and opened fire on Johnson. The bullet entered the hip on the right side and ranged to his back. He is in a critical condition but hopes were held for his recovery.

Sheriff Black said he did not know many details about the cause of the fight but supposed it had started in

the customary way from an argument of some sort.

Johnson has recently returned to his home in Cameron from many months overseas in the European Theatre of War, has been honorably discharged after a fine record of service.

Charges were to be filed against the Colbert brothers, all three being involved.

Lewis M. Boggan, S1c, Served on USS Euryale

ABOARD THE USS EURYALE—Lewis Marvin Boggan, seaman first class 110 South Nolan St, Cameron, served on this submarine tender in the Pacific.

The ship is a floating industrial plant, equipped to service an drepair submarines. During the war she scored subs at Pearl Harbor, Milne Bay, Manus, and Perth, Australia. More recently she has been stationed at Saseboko, standing guard over what is left of the Japanese fleet of submarines.

FLORIDA GIRL WINS FIVE-YEAR STRUGGLE

Her stricken body lay in an iron lung. Her hands and feet were useless. She was almost completely paralyzed by poliomyelitis, but 14-year-old Jean Parker of St. Petersburg, Florida, firmly determined that she would get well.

It was September of 1940. Week after week Jean lay prostrate, gritting her teeth and telling herself over and over that she would get out — that she would walk again.

After five weeks, Jean passed the first milestone. She was able to leave the iron lung. The local Rotary Club sent her to the American Legion Hospital. For seven long months physiotherapists skillfully massaged her. Then Jean was taken to Warm Springs Foundation where many years ago a man named Franklin D. Roosevelt had fought for strength. Seventy-five days later, she returned home, wearing a supporting corset and a brace on each leg.

She made up for lost school time by studying two years at home with a tutor, but she went to high school in a wheel chair her senior year. She was graduated with a 90 per cent average for her four years and was made a member of the National Honor Society.

Jean was determined to get out of that wheelchair and find a job as her classmates were doing. Somewhere she heard of the Institute for the Crippled and Disabled in New York and the remarkable things accomplished there.

In September, 1944, Jean went to New York and enrolled at the Institute. With patience and persistence, she learned to balance her body and use crutches. By the spring of 1945, Jean—than 19 years old—no longer needed her wheelchair.

Along with physical training at the Institute, Jean prepared for a secretarial job that had been promised her. In July, she went back to her home in Florida, where streets in winter are clear of ice and snow, and walking is easier.

The job that was Jean's goal is hers. In the lobby of the Suwannee Hotel, in St. Petersburg, there's a neatly-lettered sign: Public Stenographer.

Equipped with note book and typewriter, Miss Jean Parker works all day at a big desk. She's the girl who didn't give up.

NEGRO SHOT BY WIFE HERE THURSDAY NIGHT

William Pendleton, negro cab service owner, was shot through the body and right hand at his home in Cameron Thursday night as he prepared to leave the house with the declared intention of quitting his wife.

Lula Pendleton, wife, opened up with a small calibre pistol, firing six times. When Sheriff Carl Black reached the scene of the shooting, he found a number of bullet holes in the walls of the room where Pendleton was packing his clothes.

Pendleton was shot through the left shoulder, the bullet ranging down and lodging under the blade. Another shot penetrated his right hand and mutilated a finger.

Pendleton's wife, being held on a charge of intent to kill, said the trouble started last August. Pendleton owned two cars and his wife operated a taxi in the city and he operated on calls out of the city.

27 Degrees in City Early Tuesday Morning

Temperatures were lower in Cameron Tuesday morning than at any time during the winter with the exception of mid-December.

The reading here Tuesday was 27. Some thermometers registered lower but the correct temperature was fixed at 27. In December the lowest was 26.

Clear weather was forecast. Cameron got none of the snow which fell as far south and west as Rosebud and Camp Hood.

A hard freeze was predicted for Tuesday night with rising temperatures Wednesday.

BASKETBALL SCORES

Thursday, Jan. 17: Cameron 39, Belton 12, high point man Gerick with 18; Friday, Jan. 18: Cameron 35, Rockdale 27, Gerick high point man with 16.

Monday, Jan. 21: Cameron 25, Calvert 22, high point man Gerick with 9 and high point man for Calvert, Halsey with 12.

Tuesday night the Yoemen are going to Thorndale for a return game and Friday night to Belton for a return game.

Mr. and Mrs. A. C. Odom of Jones Prairie shopped in Cameron Saturday.

JOE RICHTER OUT OF RACE FOR MARSHAL

Joe Richter, former night city marshal here, who was a candidate for the nomination for Marshal in the coming primary election to be held on Tuesday, February 5, 1946, is not a candidate, he announced late Thursday.

Mr. Richter requested The Herald to state that he is deeply grateful to his friends for their help and to all who had pledged their support. He regrets exceedingly the circumstances which make it necessary that he tell his friends he will not at this time continue in the race for the balloting in the primary.

Failure to certify his name to the ballot, he feels, was due to a misunderstanding on his part. Many friends throughout the city express regret that they cannot vote for him on February 5, but hope they may have an opportunity to support him later in whatever he may choose to seek.

A. C. Crittenden Back With Motor Company

A. C. Crittenden, recently discharged from the United States Navy, has joined the force of employees at the Hefley-Stedman Motor Company.

Mr. Crittenden while in the navy was with naval aviation and was a radio instructor, serving with distinction and rating a number of promotions.

Before entering the navy he was employed by the motor company here.

H. A. Ludwig was a business visitor in Cameron recently.

J. G. WILEY

Former Cameron Man Promoted With Grand Prize in North Texas

J. G. "Jim" Wiley, former manager of the Austin branch office of the Gulf Brewing Company, has been appointed Division Sales Manager of the North Texas territory, according to recent announcement by Dwight D. Thomas, executive vice president and general manager of the brewing company.

In his new capacity, Mr. Wiley will direct the sales and promotion of Grand Prize Beer throughout North Texas counties and will continue to make Austin his headquarters in serving this territory.

Mr. Wiley formerly lived in Cameron and friends here will be glad to know of his promotion with Grand Prize.

THE CAMERON HERALD—3

SGT. WOODROW LOWE IS DISCHARGED FROM ARMY

Sgt. Woodrow Lowe, veteran of more than a year in combat in the European theatre of war, with the 79th Infantry Division of the 9th Army commanded by General Simpson, a Texan, has arrived at his home in Cameron, having been discharged from the army.

Sgt. Lowe hopes to remain here. Before entering the army he was manager of the Cameron Hotel. His combat experience took him

through the central European campaign and into Germany. He was slightly wounded. His division was the first to cross the Rhine.

The Herald hopes to bring his story soon.

Mrs. Fred Deer of Bryan spent a few days in Cameron visiting relatives and friends. Mrs. Deer and family are former residents of Cameron.

Frank Haley of Rockdale was in Cameron Tuesday on business. He has leased a business building here and will soon open a modern store.

Perry Strickler of Rosebud transacted business in Cameron Monday.

USED CARS WANTED—Will buy any make or model. Grabein Chevrolet company. 34-4f

All rivers in Texas flow to the southeast.

TEXAS COTTON STILL IS KING OF THE SOIL

DALLAS.—Texas land planted in cotton in 1945 produced 56 per cent more value per acre, on the average, than acres planted in other crops, the Texas Cotton Production Committee estimated today.

Cotton and cottonseed produced on 6,000,000 acres are valued at \$233,103,000 in 1945, by the U. S. Department of Agriculture, or an average of \$38.85 per acre. This compares with an average crop value of \$24.85 per acre for 20,996,000 acres of Texas land devoted to other crops.

The Committee points out that this difference of \$14 per acre in favor of cotton was made during a season very unfavorable for the crop, and despite the fact that the 1945 lint yield in Texas was only 146 pounds per acre, or 103 pounds less than the United States average of 249.6 pounds per acre.

"By following practices that will increase acre yields and improve cotton quality, such as the seven-point program recommended by the Extension Service, Texas farmers in 1946 can greatly increase the acre value of their cotton and their net income," the Committee added. "No other state has a greater opportunity than Texas has for soil building, use of better planting seed, control of insects and diseases and other practices that will make cotton more productive and profitable."

"As a rule, high value crops should be planted on the best available land that is adapted to them, and these figures for 1945 clearly show that

cotton deserves the best possible land and methods of production and harvesting. In addition to planting the larger acreage that has been set as a goal in 1946, it will pay cotton farmers to make extra efforts to increase the yield per acre."

New Comedy Year's Most Looked-for Film

Columbia Pictures' screen adaptation of the George Abbott Broadway stage production of F. Hugh Herbert's smash hit, "Kiss and Tell," starring Shirley Temple and showing at the Cameron Theatre Thursday and Friday, is the year's most looked-for screen event.

Sweet sixteen and never been kissed. Then she is and tells it smack across the nation! Smack across your

heart! She's on every man's lips . . . especially the Army's . . . in this side-splitting, rib-wrecking screening of the unprecedented stage comedy.

Others in the cast are Jerome Courtland, Walter Abel, Robert Benchley, Porter Hall, Tom Tully, Virginia Welles, Katharine Alexander, Scott McKay and Mary Philips.

The screenplay was written by F. Hugh Herbert. It was directed by Richard Wallace.

A young man will have the privilege of National Service Life Insurance . . . cheaper than commercial policies . . . Enlist in the Regular Army today.

Rockwall county Texas, is smaller in area (147 square miles) than the city of Chicago, Ill.

"Carriers" give us a lift
with the long distance load

Carrier equipment, looking and operating something like radio, makes it possible for one pair of long distance wires to handle as many as 12 calls at one time.

But even with carrier helping out, many lines are still crowded and some calls are delayed.

Our new construction program—now going ahead rapidly and at an ever-increasing rate—calls for a lot of carrier. The goal is to provide as many circuits as we need to get YOUR call through promptly.

SOUTHWESTERN BELL TELEPHONE CO.

GREATER PEANUT YIELD URGED FOR LOCAL FARMS

The peanut, being a legume, gathers nitrogen from the air. When 1,000 pounds of nuts are hogged off it is estimated that 50 pounds of nitrogen are gained by the soil against a loss of approximately 8 pounds of phosphoric acid, 5½ pounds of potash and 1 pound of calcium.

When peanuts are dug the vines nuts and a considerable portion of the roots are removed. A crop of 1,000 pounds of nuts per acre and the accompanying vines and roots dug, remove approximately 60 to 67 pounds of nitrogen, 11 to 12½ pounds of phosphoric acid, 26 to 34 pounds of potash, and 20 to 27 pounds of calcium from the land.

What methods must we adopt to increase our soil fertility to offset the terrible loss, which is constantly robbing us of our labor income on our farms? Why has Texas an average of 450 pounds of peanuts per acre against Virginia's 1,210 pounds per acre average, and Georgia reporting as high as 2,602 pounds per acre, and as high as 4,225 pounds of hay per acre?

Florida reports 200 pounds to 600 pounds of pork per acre where 1,000 pounds of nuts are raised. On our Texas farms we could get 75 to possibly 100 pounds of pork per acre, with the 450 pound per acre average for Texas.

A possible solution follows:

1. Select an average soil at least with a sandy loam base if possible, as sandy soils work easier and harvest is much easier than clay soils.

2. Peanuts should follow on a soil where some well fertilized crop has been grown the previous year, such as corn.

3. Follow with a winter legume cover crop each year, such as Hairy Vetch or Austin Winter Peas, etc. List under the cover crop three or four weeks before planting peanuts to a depth where it will not interfere with peanut cultivation.

4. Bed land in 36 to 40 inch rows with a small middle buster or lister making sharp ridges. Let settle before planting time.

5. Plant 40 pounds of shelled and treated Spanish peanut seed per acre. Machined or hand shelled and treated with 3 ounces of 2 per cent ceresan, 2 ounces arasan, or 3 ounces of spergon to each 100 pounds of shelled seed. Cull out shriveled, cracked and weak looking pops. This will provide a stand of 5 to 8 inches in the drill.

6. Plant seed with a good peanut planter to a depth of 5 to 6 inches behind a 3 inch bull tongue opener and where they will be deep enough be a little lower than the middle furrow. Leave a ridge over the row some 6 to 8 inches wide.

7. Plant 8 to 10 rows peanuts on the contour, then 8 to 10 rows of peas grain sorghum or other large growing crop for blowing land control. Use 150 pounds of O-14-7 on peas, rye, hairy vetch, grain sorghum or strip crop.

8. In 4 to 6 days after planting, or when sprouts are near one inch on the seed, drag rows to where seed will be 2 or 3 inches deep, leaving a clean row for peanuts to come up in, eliminating hoeing.

9. A few days after peanuts come through or are some 2 or 3 inches high, dirt up rows with small sweeps or crenders, or use weeder with running rows instead of across rows.

10. Fertilize with 300 to 400 pounds of O-14-5 or a mixture of 120-180 pounds of superphosphate and 60 to 75 pounds of muriate of potash. On poor soils or where no fertilizer was used the previous year, use 200 pounds of 2-10-4 or 2-12-4 per acre. Fertilizer can be distributed at time of planting or part saved for a side dressing in about 25 to 35 days.

11. Cultivate land rather level, not throwing too much dirt to row and avoid plowing under pegged down vines. Lay by with a 10 to 12 inch sweep run reasonably deep to kill weeds and grass.

12. Use a dusting sulphur at the rate of 15 to 20 pounds per acre at 2 week intervals when leaf hopper and leaf spot begin to show up. Three or four dustings will usually increase crop after planting, or as soon as spots start showing up on the peanut leaves.

13. After peanut crop is harvested plant a cover crop of vetch, Austrian Winter Peas or some kind of suitable cover to plow under in Spring.

These suggestions may be followed closely with fair to good results, or may be altered to meet conditions on any farm.

W. J. Plocek, Chief Petty Officer, has returned from Honolulu where he spent eighteen months. He is now at home on a thirty-day leave.

Mrs. W. E. Gaither and sister, Mrs. James Watson, spent the week end in Moorville visiting relatives.

REICHERT
(continued from page one)

Reichert has had lots of training in the civic-service field and has spent an unusual amount of time in carrying forward programs as outlined through those fields. He served as district governor of the Lions district, 2-X during the last fiscal year, and a net membership increase of more than 40 percent was registered. This accomplishment, during a year when the manpower was gone from and still leaving the home front, established an all-time Lions International record for the 130 districts in 15 nations during the 29 years of the association's history. He recently received a Key of State, membership development award for individual work in bringing in new members, and the award bears the low number of 19 for the association of clubs everywhere. Only 18 members had previously received the award.

Mr. Reichert believes that the country is entering an era when progress in any city must be made or else the community will be definitely side-tracked. The home town must be a better place to call home if there is to be any attraction for outside enterprise, such as small factories; and, at the same time, to offer an inducement for the city's own young people to remain here in business or as employees. He favors economy in office, to cut out waste and repetition, and that money spent should be spent wisely. If elected, he promises to keep the citizenship posted on Council work and would want the advice, counsel, and the suggestions of all the people. He promises to work hard for a few years, if elected and he would not want to stay in office forever.

Since he has announced and is in the race he asks for a chance to serve and the vote and support of the voter will be appreciated

Travel . . . By enlisting in the Regular Army for three years you may choose your branch of service and the overseas theatre in which you wish to serve.

KUNZ
(continued from page one)

The well-known Cameron businessman has been a member of the Chamber of Commerce for the past 20 years, affiliated with the K. of C. lodge for 25 years, and is a past commander of Edwin Hardy Post No. 9, and has served that organization in other official capacities during all the years. He also has been a member of the V.F.W. since its inception here 10 years ago and now serves as Adjutant. This popular citizen has been a Troop Committeeman for the Boy Scouts for the past 10 years and served the County Scout organization as vice chairman during the administration of Rev. J. P. Love. He also is recognized for his meritorious work in the Red Cross field.

Mr. Kunz will deeply appreciate the vote and support of his friends and associates. If elected, he promises to serve to the utmost of his ability in the interest of good government and in behalf of the citizens of his own home town.

Willie L. Taplin With Navy in Pacific War Is Coming Home Soon

PEARL HARBOR, T. H.—Willie L. Taplin, son of Lucile Taplin of Cameron, is one of 400 high-point Navy, Marine and Coast Guard veterans whom the Navy is returning to the States for discharge aboard the USS BILOXI, which left Okinawa, December 31, and was scheduled to arrive in San Francisco about January 15.

The USS Biloxi, a light cruiser, operated in almost all Naval engagements from the Marshall-Gilbert Island attacks beginning in January, 1944 through the invasion of Okinawa. Since the surrender of Japan this ship and other units of the "Magic Carpet" have returned more than 660,000 Navy veterans from the Pacific.

Fredericksburg, Texas, has the longest name of any town in Texas, 14 letters.

Robert Pope and Miss Margaret McQuary Wed at Alice Church

Miss Margaret McQuary, daughter of Mr. and Mrs. D. R. McQuary of Thorndale, became the bride of Robert J. Pope, son of Mr. and Mrs. H. L. Pope of Buckholts, in a twilight double-ring ceremony, performed by Rev. J. J. Mason of Alice, Texas, in the First Methodist Church at Alice, on Sunday, December 9, 1945, at 5:00 o'clock in the afternoon.

The bride entered with Ray Snowden of Freer, Texas, a cousin of the bride, who gave her in marriage. She wore the traditional white-slipper satin wedding gown which fell in a semi-train. The gown was fashioned with leg o' mutton sleeves that fell in a point over the wrist, sweetheart neckline and a row of covered buttons down the front of the waist. The double finger-tip length veil of illusion and edged with imported lace, was attached to a coronet of seed pearls. The bride carried out the traditional theme of "something old" with a hand-painted brooch, "something new", a string of pearls, which was a gift from the groom, "something borrowed", a white Bible, on which the single orchid was fastened; the Bible belonged to little Susan Hilliard, niece to the bride, and "something blue," a tiny concealed blue bow.

Prior to the entrance of the wedding party, Mrs. Hardy Lae of Alice, Texas, sang "Ave Maria," and "Ah, Sweet Mystery of Life." She was accompanied by Miss Alice Clark, of Alice, at the organ, who played the traditional wedding march and soft music during the ceremony.

The altar was banked with white gladioli, small white mums and fern on each side of the candles which stood in the center of the altar.

The bride was attended by her sister, Miss Dorothy McQuary. She was dressed in yellow lace and marquisette and carried a nosegay bouquet of lavender mums. The bridesmaids were Miss Natalie Awalt of Alice, who carried a nosegay bouquet of pink carnations, and wore blue net; and Miss Sybil Awalt of Alice, dressed in pink net, and carrying a nosegay bouquet of variegated maroon carnations.

The groom was attended by Woodie H. Snowden of Alice, cousin of the bride as best man. The ushers were: Bill A. Kirkland and Charlie Hannagan, both of Alice.

Following the ceremony a reception honoring the couple, was held in the Hotel Alice ball room. The guests were greeted by the wedding party who formed the receiving line. The first slice of the three-tiered wedding cake was cut by the bride and groom after which Miss Frances Snowden of Alice and Mrs. W. R. Holmes, Jr., of La Pryor, Texas served the cake and Misses Pauline Beams and Patricia Goodson of Alice, poured coffee from a silver service that was brought from Germany by the bride's brother-in-law. The bride's table was centered with the bride's and attendant's bouquets, Mrs. Earl Deloney of Freer, registered the guests.

The bride is a graduate of the Sharp High school, and holds her Bachelor of Sciences degree, 1940, and Master of Arts degree, 1941, from Southwest Texas State Teachers College of San Marcos, Texas. For the past eighteen months she has been employed as an accountant with Benson and Powell of Alice, and prior to this position taught commercial work at Sharp, Buckholts, and Benquette high schools.

The groom is a graduate of the Yoe high school of Cameron. Before entering the service in October 1942, he was employed by International Harvester dealers in Cameron. He served nineteen months in the Pacific and holds several decorations.

For traveling, the bride selected a black and white check suit with black top coat, and black accessories. She wore the orchid from her bouquet.

After the wedding trip to McAllen and other points of interest in the valley and central Texas, the couple will live in Alice where the groom is to be employed.

Mrs. Mayme Laird had as week-end guests Mr. and Mrs. Homer Peel of Fort Worth.

Miss Era Mae Foster of Austin is visiting her parents, Mr. and Mrs. J. T. Foster.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
For Coughs, Chest Colds, Bronchitis

CITY POLITICAL ANNOUNCEMENTS

The Herald is authorized to publish the following political announcements subject to the City Democratic Primary election on Tuesday, February 5, 1946:

For Mayor:
A. W. McCULLIN

For Alderman, Place No. 1:
B. F. REICHERT

For Alderman, Place No. 2:
AUGUST KUNZ

For Secretary and Treasurer:
DAN TYSON

For City Marshal:
WEBB (MANN) TODD
JIM MCGOLDRICK
JOE RICHTER

McCULLIN
(continued from page one)

drives and proved to be an ardent worker also in the Red Cross field, the Community Chest and always is found a willing servant in the interest of welfare work, as the citizens of Cameron well know.

Before coming to Cameron to make his home, he lived at Minerva for a number of years and served the Methodist church there as Sunday School Superintendent, Steward, and served the Marlin District as trustee of the District Board. In Cameron, he has continued to offer his assistance in the religious field, and is superintendent of the Sunday School of the First Methodist Church and a member of the Board of Stewards.

Mr. McCullin was born and reared at Magda, Louisiana, came to Texas with his parents and San Antonio was his home until 1928 when he came to Central Texas to accept the place at Minerva as chemist for the Kent-Middleton Refining Company. He married a Minerva young lady, the former Miss Vivian Lucas, and the couple have two sons, who are in the local schools. During 1929, Mr. McCullin was transferred to Luling where a new refinery was constructed. He returned to Minerva two years later to continue his affiliation with the refinery and also introduced a wholesale oil business for Milam and adjoining counties. During '31 he chose Cameron as headquarters for his business and now serves hundreds of accounts in 29 counties with wholesale oil products. Mack's Oil Company was introduced here on June 10, 1938, and the warehouse and offices, 18 months later. The McCullin family moved to Cameron shortly thereafter, during 1940, and purchased the Mont Mohler home on

25th street.

With a record of service activity unsurpassed locally and with youth and vigor to offer, Mr. McCullin presents qualifications which the citizens do appreciate. If elected Mr. McCullin, the citizens choice, will bring to the office dignity befitting the position.

He would serve with sincerity of purpose and honesty in deed and he full well understands and appreciates the value of cooperation and good will. As a candidate for the office for the first time, he will genuinely appreciate your vote and support.

R. W. Hester, former manager of the Community Public Service Company here and now living in Fort Worth, was a visitor here over the week end.

Mr. and Mrs. Elmer C. Gunn of San Marcos are visiting in the home of his parents, Judge and Mrs. Ed Gunn.

Robert Folschinsky of Burlington transacted business in Cameron Friday.

IS GETTING UP NIGHTS GETTING YOU DOWN?

Thousands say famous doctor's discovery gives blessed relief from irritation of the bladder caused by excess acidity in the urine

Why suffer needlessly from backaches, run-down feeling from excess acidity in the urine? Just try **DR. KILMER'S SWAMP ROOT**, the renowned herbal medicine. **SWAMP ROOT** acts fast on the kidneys to promote the flow of urine and relieves troublesome excess acidity. Originally created by a practicing physician, Dr. Kilmer's is a carefully blended combination of 16 herbs, roots, vegetables, balsams. Absolutely nothing harsh or habit-forming in this pure, scientific preparation. Just good ingredients that quickly act on the kidneys to increase the flow of urine and ease the uncomfortable symptoms of bladder irritation.

Send for free, prepaid sample TODAY! Like thousands of others you'll be glad that you did. Send name and address to: Dr. Kilmer & Co., Inc., Box Department B, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Offer limited. Send at once. All druggists sell Swamp Root.

What's behind the British film industry's new upswing? The new March of Time, "Challenge to Hollywood," shows that British movie-makers have revolutionary plans to capture world audiences with bigger and livelier productions like the five-million-dollar "Caesar and Cleopatra" (upper left), in production costs the most expensive film ever made. . . . Shown (upper right) with U. S. film magnate Spyros Skouras is the man all England is watching, J. Arthur Rank. He, like other British producers, places reliance on such stars as Ann Todd (center) already in demand by Hollywood, and comedian George Formby (lower left) — well-established British favorites — and on such film makers as Noel Coward (lower right), shown on the set of "In Which We Serve" with the King and Queen of England.

Mrs. A. J. Gunnels III In Local Hospital

Mrs. A. J. Gunnels of Hanover is in the Cameron Hospital gravely ill with a heart attack and pneumonia. She was brought to Cameron Sunday for treatment and shown slight improvement.

A. J. Gunnels, husband of Mrs. Gunnels and a pioneer, was remaining here along with several children as follows: Milburn Gunnels of Galveston; A. J. Gunnels, Jr. of Meeks; Mrs. Ada Holley of Hanover, and Dave Gunnels of Liberty.

Tom Gunnels and Paul Gunnels of Freeport who came over Sunday, returned to their homes out of necessity to be with their children who are in school there; and Mrs. Mae Burleson of Waco was here and will return Friday.

Mrs. Gunnels was stricken Sunday and was brought to the hospital for treatment by Dr. T. Leland Benson, her physician. She had been placed under an oxygen tent Tuesday and was resting some better.

Mrs. Gunnels has been in declining health for a number of years. She was receiving every care available and hope was expressed she may recover from the attack. The Gunnels family is a pioneer family of the Hanover and Liberty Communities.

Edwin F. Zawadzke Is On His Way Home from The War in Pacific

PEARL HARBOR, T. H.—Edwin F. Zawadzke, S2c, USNR, husband of Mrs. Margaret D. Zawadzke, of 914 N. Washington, Cameron, is one of 1,006 high-point Navy veterans whom the Navy is returning to the States for discharge aboard the USS MOBILE, which left Guam, January 6, and was scheduled to arrive in San Francisco about January 22.

The USS Mobile, a light cruiser, participated in eleven major engagements, from the Battle of Midway in 1942, until the combined surface, air and under-sea blockade of Japan brought complete surrender although enemy armies were largely intact and a large air force remained. Since the surrender this ship has been a unit of the "Magic Carpet" which returned more than 660,000 Navy veterans from the Pacific.

Mrs. Frank Jekel and children of Buckholts is spending the week with her sister, Mrs. Conrad Jekel, Jr., and daughter.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

TRUMAN ASKING HIGHER WAGES, LOWER PRICES

WASHINGTON. — President Truman submitted to Congress Monday a program calling for higher pay, lower prices and unchanged taxes, backed by a budget forecasting the first cut in the national debt since 1930.

The President informed congress in a message that within the next 18 months \$7,000,000,000 will be sliced from the \$278,000,000,000 debt, even though the budget won't be balanced.

The outlook for business is good, he said But he warned of "pitfalls" ahead.

He asked congress to help sidestep them, to avert "national disaster" by continuing price controls.

Mr. Truman voiced "concern" over inflationary pressures, and over major strikes which he said might apply a "heavy brake" to reconversion.

He cautioned that deaf ears must be turned toward "voices of disunity," stilled in wartime, but now "beginning to cry aloud again."

"They seek only to do us mischief," he said. "They must not prevail."

For his administration, Mr. Truman set two fundamental goals.

At home:

"Our basic objective—toward which all others lead—is to improve the welfare of the American people."

In foreign affairs:

"The great and dominant objective of United States foreign policy is to build and preserve a just peace."

It will be this country's continuing policy, the President declared, to place all its influence behind the United Nations Organization in preventing international war.

"If peace is to endure," he said, "it must rest upon justice no less than upon power."

The Chief Executive listed his objectives in the longest Presidential message ever sent to congress—25,000 words. For the first time, it combined a report on "the state of the union" with a budget of government expenses.

Also for the first time, the budget includes not only expenditures to be made under existing law but also those contemplated if congress approves pending bills the President wants.

Key proposals and ideas in the message:

1. Government spending. Expenditures for the fiscal year starting next July 1 are figured at \$35,800,000,000—\$31,400,000,000 less than this year. Nearly three-fourths, about \$26,000,000,000 will go to defense and to meet costs of war. The army and navy will spend \$13,000,000,000.

2. Government income. Receipts from income taxes and other sources, estimated at \$31,500,000,000, will come within \$4,300,000,000 of paying the bills, the President estimated.

To make up the difference, the government plans to draw cash from the treasury instead of borrowing from the public by selling bonds.

(Also out of the treasury will come the money to whittle the debt, it

was explained that the treasury can afford it because of a big cash balance, swollen by a Victory loan that doubled the \$11,000,000,000 quota).

3. Taxes. Because of inflationary pressure and heavy spending in the year ahead, Mr. Truman declared: "this is not the time for tax reduction."

4. Low prices. Economic stabilization "requires that policies be directed toward promoting an increase in supplies at low unit prices."

"If we manage our economy properly, the future will see us on a level of production half again as high as anything we have ever accomplished in peacetime. Business can in the future pay higher wages and sell for lower prices than ever before. This is not true now for all companies, nor will it ever be true for all, but for business generally it is true."

5. High wages. Management must realize that if labor is to work wholeheartedly for increased production it "must be given a just share of increased output in higher wages." The President contended substantial wage increases are "good business for business" and good business for labor and the country.

6. Inflation. Full production is "the greatest weapon against inflation."

7. Reconversion. The most serious difficulty in the path of reconversion and expansion is "the establishment of a fair wage structure."

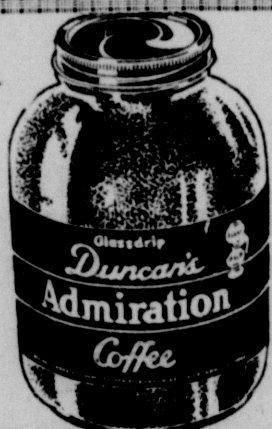

8. Strikes. Mr. Truman says everyone who realizes the need for a swift and orderly reconversion must feel a deep concern over major strikes now in progress and:

"If long continued, these strikes could put a heavy brake on our program."

9. Old legislation. The President asked congress again to act on 21 measures he had recommended previously. Such as those dealing with fact-finding boards to control strikes, "full employment," jobless pay, medical insurance, peacetime military training, army-navy merger, atomic energy controls, a higher minimum wage.

10. New legislation. Mr. Truman urged a permanent housing agency, extension of the draft if recruiting fails to produce enough men, continuance of price, inventory and priority controls and food subsidies.

"Unless the price control act is renewed," he said, "there will be no limit to which our price levels would soar. Our country would face a national disaster."

Esslinger & Killen

CAMERON LAGS BADLY ON COMMUNITY NEEDS

The public education system is at the cross roads in Cameron, chiefly because of the failure of the community to provide increased funds in proportion to the advancement of modern needs.

A propaganda film was shown to Rotarians and their guests Wednesday in the current movement to bring these needs to the attention of business leaders.

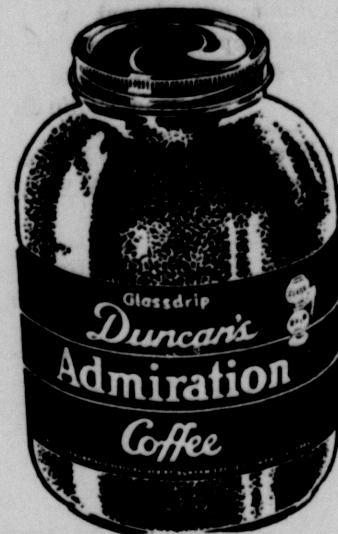

It might as well be said also that everything else of a public nature in Cameron is at the cross roads. There has been no adequate conception of public needs and leadership has to a large degree ceased to exist.

The chief problem now in the school system is teacher salaries. This condition is not new. Cameron schools have paid poor salaries for many years. Until the school was threatened recently with loss of its affiliate benefits with the Association of Secondary Colleges and Universities, the needs of the school were receiving the usual status-quo treatment.

The program at Rotary Wednesday disclosed the extent to which teachers and public school authorities have had to go to battle for better facilities and adequate pay. One teacher in the Carolinas works in a factory

Stewart Grocery

Green & Boedeker

to make a living and teaches school because it is her profession. Many teachers are remaining loyal to the system today because of their profession and are receiving salaries lower than janitors. The status-quo policy will pay off in a few years with ruin and community decay.

In these modern days competition is keen among municipalities. The city that does not keep clean and attractive; that does not build its schools and maintain better facilities with better pay; that fails in its duty to demand better performance from leadership, will lose out in the vital progress days to come.

J. R. DODSON ILL

J. R. Dodson is in Newton Memorial Hospital critically injured and ill as the result of a broken hip. Mr. Dodson fell in his home here Wednesday, January 9 and lay for several hours in the cold before assistance came. He was taken to the hospital in the early morning and has been in a critical condition since.

Master Sgt. William F. North is spending the week-end with his wife. He is stationed at San Antonio.

Sgt. Walter Lester Receives Discharge; Will Live in Cameron

Staff Sergeant Walter Lester returns to Cameron and to 1200 W. 30th Street an honorably separated dischargee after having served three years and eleven months in the AAF.

Sgt. Lester served with the AAF, Army Airways Communications System as a Control Tower and was last

assigned to duty at Hunter Field, Savannah, Georgia. He was also assigned to Robins Field, Georgia and Smyrna A. A. Field, Smyrna, Tenn.

Sgt. Lester is the son of Mrs. L. P. Lester of Schulenburg, Texas and before his entry into the service was employed by the California Packing Corporation of Houston, Texas.

Mrs. G. B. Taylor who has been suffering with a bad case of flu, is now much improved, and able to be up part time.

IT'S HERE

Your DEKALB HYBRID SEED for 1946 planting...

Record high average yields of DeKalb Hybrid Corn last year certainly prove that DeKalb is the corn for the South... the corn that stands, helps resist insect and disease damage, and "makes" before hot winds come. Your dealer (listed below) now has proved DeKalb varieties on hand to fit your farm. This seed is of highest quality and uniformly graded. Each bag is dust treated to help prevent disease. Get your DeKalb seed NOW.

Mother's Oats is tops in flavor—for growth and stamina too, because oatmeal leads all natural cereals in body-building Protein and in "spark plug" Vitamin B₁. Get Mother's Premium Oats today.

Mother's Oats

Sgt. Durell Lemley, Pacific War Veteran, is Back On Job with Glass the Florist, After Over Four Years in Combat Zones, Including Philippines

Back On The Job

T-SGT. DURELL LEMLEY

T-Sgt. Durell Lemley, veteran of four years and six months in the Pacific theatre of war, wearing five battle stars and the Distinguished Unit Badge, has returned to his old post of duty with Glass, the Florist in Cameron.

Sgt. Lemley is one of five brothers who fought in the war just ended. All of them went overseas and all have returned. They are the sons of Mr. and Mrs. F. M. Lemley of Travis in Falls county.

Sgt. Lemley, before entering the service, was with Glass, The Florist for two years. He enlisted in the army on June 21, 1941 and trained at Gunter Field in Alabama as an airplane mechanic.

Sgt. Lemley left the states for New Guinea where he saw his first service in the combat zone. As the march back to Japan began he soon was in Morotai and from there went to the Philippines. He was serving with the 13th Air Force and the 70th Fighter Squadron.

The fighting in the Philippines was bitter and the air forces were fighting under many handicaps. Sgt. Lemley's job was to keep them in the air. He also did some flying on his own. While over in the battle zones he participated in five major cam-

paigns and won five battle stars and in addition the Distinguished Unit Citation for his squadron.

When the war ended he was in the Philippines and all were ready for the final blow against the Jap home-lands. He sailed for the States on November 21, 1945 and landed December 10, 1945 in Los Angeles and there went to Fort Bliss, El Paso, where he received his honorable discharge. He lost little time in getting back to his old home to see his parents and brothers who were in the war all going overseas.

When he concluded a few days of rest he came back to a waiting job with Glass, The Florist.

CHRISTIAN SCIENCE SERVICES

"Truth" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, January 27.

The Golden Text is: "The Lord is good; his mercy is everlasting; and his truth endureth to all generations" (Psalms 100:5).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thy righteousness is an everlasting righteousness, and thy law is the truth" (Psalms 119:142).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christian Science brings to light Truth and its supremacy, universal harmony, the entireness of God, good, and the nothingness of evil" (page 293).

Mrs. W. H. Hughes has received word that her son, William H. Hughes, Jr., has arrived in the States and will be home soon.

Bernice Jistel of Marekville, was a Cameron visitor Saturday.

You will learn to meet and associate with people from all crossroads of life, better fitting yourself for a business career after you finish your three years' service. Enlist in the Regular Army today.

Will Jekel of Buckholts was a Cameron visitor last week.

MILAM THEATRE WILL OPEN FULL TIME HERE

The Milam Theatre will begin a full time schedule of shows on Sunday and Monday, it was announced by John Prude, manager.

The new schedule starts off Sunday with "Back to Bataan," starring John Wayne. The program includes shows, Sunday and Monday, Tuesday and Wednesday, Thursday, and Friday and Saturday.

During recent months the show has been open only Friday and Saturday and Sunday. Patrons of the show will welcome this news.

Demand for theatre space has grown in Cameron and the new full time schedule for the Milam will be most helpful in accomodating movie goers. The Cameron Theatre is seeing many overflow crowds.

85% of the worlds sulphur is produced in four Texas counties.

FOUR DAYS STARTING SUNDAY, FEBRUARY 3

PAUL CALVIN, NEGRO, SHOT THROUGH HEAD

Paul Calvin, negro, was shot through the head Saturday night in a negro beer saloon in Frog Town and Marlin Smith, another negro, was placed under arrest by Sheriff Carl Black and Monday was admitted to bail in the sum of one thousand dollars, on a charge of assault with intent to murder.

It was the third shooting in the negro quarters in as many nights. William Pendleton, negro cab driver, was near death in a hospital, having been shot through the lungs by his wife, Lula Pendleton, following a domestic quarrel. Elwood Johnson, returned war veteran, was shot in the hip as he fought with two other negroes in the street at the Bubba Nelson beer saloon Friday night.

Calvin, an employee of a local auto agency, was shot through the left side of the head, the bullet ranging back and emerging through the neck. He will live.

Mr. and Mrs. J. H. Angell, Jr., of 2004 Oldham street, Austin, are announcing the arrival of a 6½ pound daughter, Linda Kay, born January 15 at Seton Hospital in Austin.

Bever Thomas, who recently purchased the Cato Cafe, made a business trip to Fort Stockton in West Texas over the week end.

Frank Newton of Austin was a visitor in Cameron Wednesday.

W. S. Radtke Going to Bastrop to Take Over Branch Produce House

W. S. Radtke, recently discharged from the United States Navy, is going to Bastrop Monday to become manager of a branch of the Fairmont Creamery Company, he announced Saturday, following a conference with Mr. Thompson, manager of the Giddings headquarters of the company.

Radtke served three years and 9 months on a tanker and his duty took him to many points in the Pacific. He is married and has one daughter, nine months old, who was born while he was at sea.

Before entering the service Radtke was with the Cameron branch of the Fairmont Creamery Company.

He was recently discharged from the Navy at the Naval Air Station in New Orleans.

"The feed that we need, just doesn't exist. It won't exist this time next year either unless we grow it. The time has come when we must consider growing cotton primarily for seed, not letting the statistical heaps of lint cotton (largely accumulated low quality leavings from many crops) frighten us out of the cotton business."—The Farmer-Stockman.

"As a rule, crops with the highest value per acre should be grown on the most productive land; and cotton, on the average, has the highest value per acre of major crops."—National Cottonseed Products Association.

6 BILLION SPENDING SLASH IS PROPOSED

WASHINGTON. — President Truman greeted Congress at its reopening Monday with a proposal to slash more than \$6,000,000,000 from projected government spending in the current fiscal year.

As he whipped into shape a "state of the union" message to be sent to Capitol Hill Thursday, the Chief Executive recommended repeal of appropriations aggregating \$5,751,428,483. He also asked repeal of contract authorizations for the Maritime commission amounting to \$420,079,000 and the return to the treasury of \$346,890 from three corporations now being liquidated which were part of the office of inter-American affairs.

A White House statement said the

actual reduction in the authority to obligate was \$5,021,887,483 because \$1,149,620,000 of the appropriations, while not needed this fiscal year, will liquidate contract authority still on the books.

The suggested economies, the White House asserted, are in addition to net rescissions aggregating \$50,345,409,169 approved by Congress near the close of the last session.

The last rescission bill (51.8 billion less duplication between cash and contract authority of \$1.5 billion) was vetoed by the President because of a legislative rider. The White House said, however, that its objectives were accomplished by a Presidential directive to the budget bureau placing the amount involved in reserve.

The biggest cuts proposed were \$1,420,576,472 for the War Department, and \$2,826,880,536 for the navy.

Dan Collins is chairman for the county and Albert Young is chairman for the city.

The following places have been designated as collection centers for clothing:

Coleman Furniture Co., Lone Star Gas Co., Texas Power & Light Co., Matula Grocery, Caperton's and Culpepper.

Mr. and Mrs. J. A. Hendedson of Ben Arnold shopped in Cameron Friday.

See it! Hear it! Action Whirls! COMING SOON.. "THE HARVEY GIRLS"

MGM's musical romance in Technicolor

Epic of a famous Eating Place! Hearts, Heroism and Happiness in a Harvey House! When the Santa Fe, back in the last century, pushed its rails on out through the West, Fred Harvey followed with "civilized" eating places along the railroad. Waitresses were ladies. Food was good. Harvey Houses along the Santa Fe became a national institution.

Stir up the Harvey House Girls serving beefsteak and coffee in a wild and woolly frontier town, add a handsome Western hero and a crooked Western political boss, season with seven hit songs, including that toot-toot-tootiest hit, "On the Atchison, Topeka and The Santa Fe," produce it under famous MGM producers, wrap it all up in Technicolor and you have something!

You met her in St. Louis. She made your heart ticktock in "The Clock." Now she'll put your hair in curls in "The Harvey Girls." Who-o-o? Nobody but Judy Garland. Never such a song for Judy to sing as "On the Atchison, Topeka and The Santa Fe." Never such a part for Judy to play. She carries coffee—sings songs. She curbs crime. She rates romance—and she hog-ties her hero as the lights go up.

Winningest cast of the West:

Along with Judy you get Ho-Man JOHN HODIAK. PRESTON FOSTER as the vicious villain. Find-of-the-year ANGELA LANSDURY. RAY BOLGER with the frisky feet. Dead Pan VIRGINIA O'BRIEN. Those comical cutups, MARJORIE MAIN and CHILL WILLS. And KENNY BAKER, back in pictures, fresh from Broadway and radio successes. But that's not all. You get seven singable songs by JOHNNY MERCER and HARRY WARREN, including that Hit of Hits, "On the Atchison, Topeka and The Santa Fe." You get direction and production by MGM's famous George Sidney and Arthur Freed. And all in Technicolor.

Historically "The Harvey Girls" grew up with Santa Fe. Our railroad and their eating houses pushed through the Southwest and West when towns were scarce, times were tough, and a Colt's 45 was a man's standard equipment. Today, the 70-year-old Fred Harvey company—which has been under the management of the same Harvey family for three generations—operates Santa Fe dining cars and the Fred Harvey hotels and restaurants located along the railroad.

"The Harvey Girls" is a delightful and wholesome entertainment the entire family will enjoy. Watch your newspapers for announcement on when "The Harvey Girls" will be in town.

TO THE CITIZENS OF CAMERON

A week after the announcement that a city political race was on for official places in the City Government, an issue rather than personality has come to the front, and the candidates asking for city offices for the first time, have been dubbed the energetic youngsters, the "Diaper Boys". Well, folks, after a man has reached the 40th milestone, or thereabouts, he appreciates being called a "young man". Of course, the "diaper" stage is carrying it a little far, but maybe that's complimentary, too.

There seems to be some question on the part of a few interested persons as to the identity of the Citizens Committee who drafted A. W. "Mack" McCullin to announce for the office of Mayor, and August G. Kunz and Ben F. Reichert, for the offices of Aldermen, Places 2 and 1, respectively.

We want it understood here and now that the Citizens Committee consists of hundreds of persons, men and women, in all walks of life. The thought of asking for city offices had not crossed our minds until citizens, in groups, different groups, kept insisting that we enter. Finally we gave in to that pressure and agreed.

For any person to assume that the Citizens Committee is the Planning Board is a gross error! Not a single member of the Planning Board came and insisted that we make the race but, as quickly as we did officially announce, three of the present six members of that board came to us or telephoned that they were for us. The other three members have made no expression to the best of our knowledge. On the other hand, a number of citizens who are not in sympathy with the Planning Board's recent report were among those who came to us over and over again to insist that we enter the campaign.

Our political support, therefore, is truly a cross-section of our city, individuals who operate many types of businesses, as well as employees serving in many kinds of business enterprises. We are happy to make this announcement and to repeat that we had had no intention whatsoever to enter politics until we were overwhelmed with appeals from all sides.

We new candidates want to reiterate the statement of last week that we, if elected, will be under obligation to NO MAN, NO GROUP or CLIQUE, to no ORGANIZATION, nor to any COLLECTIVE SETUP! If elected, we will go into office as Free Men and would serve in a manner to carry out that principle of "A GOVERNMENT BY THE PEOPLE AND FOR THE PEOPLE." We

would, in such case, appreciate the views and ideas of all the citizens whether they be presented by an individual, by a group, or what-not; and a careful and thorough study would be made of any and all matters that may be of interest to the welfare of the community.

Now, why all this sudden commotion and whispering campaign about the new candidates' tie-up with the Planning Board?

Who makes up the Planning Board? Who started the Planning Board? Who appointed Cameron businessmen to serve on that board?

To make a long story short, Mayor Smith conceived the idea of a Planning Board and, in his campaign for office two years ago, told the citizens of Cameron about his idea of a Planning Board which he would set up to make a survey of local needs. Mayor Smith chose the personnel to serve — a group of well known and successful Cameron businessmen; Mayor Smith gave the board members the job of working up a report, and he met with the board on various occasions to learn of progress, to make suggestions, etc. Now, folks, the Diaper Boys had nothing to do with this organization and not one of the three new candidates was appointed to serve on that board. The Planning Board is Mayor Smith's own creation.

The Planning Board members, after agreeing to serve, proceeded to work up a comprehensive report which recently was made known; and the members—the late H. M. Hefley, Chm., H. H. Stedman, L. F. Gohmert, Dr. C. G. Swift, J. B. White, Eber Flinn, and A. E. Matula—discharged the duty which was imposed upon them by virtue of their appointment. The Diaper Boys had nothing to do with that. Mayor Smith and the Council, in turn, several weeks ago instructed the City Attorney, Mr. Roy Baskin, to prepare an election order so that Cameron voters might have the opportunity to vote "for" or "against" the various proposals as submitted by Mr. Smith's Planning Board. Now, folks, the Diaper Boys had nothing to do with that!

As far as we know, the members of the Planning Board did a good job of submitting a report. Like any other report submitted to the City Government, the city officials should give the report careful consideration. We new candidates promise, if elected, to give careful study to any and all matters which confront the City Government, but frankly speaking, the Planning Board report—whether excellent or not feasible—has nothing to do with our candidacy. That work asked for by Mr.

Smith has been completed and a month ago, an election order was requested by the Council. Therefore, folks, the Planning Board report is no issue in this campaign.

We, as candidates, are interested in good government and, if elected, would want the views of all citizens on all matters of common interest. If there be any item of paramount interest and of great importance to our town, to the extent of warranting bonds, then, the answer naturally rests with the people, with the voter. The only thing that any Mayor and his Council can do along this line is to set an election date and announce its purpose.

As candidates, we are making no promises. We don't like promises and we believe further that the whole town is tired of promises, promises made one day, repudiated the next; tired of political footballs kicked 'round the way the wind blows; tired of campaigning which amounts to asking for a report one year and the next using the report as a subterfuge in a plea against it for re-election.

If elected, we simply will do the best we can with what we have to work with and shall carry on a program in a spirit of good-will and good fellowship, striving always to carry out the will of the majority to the end that Cameron will be a healthier and happier center to call "home." There's a lot of work to be done! We know that! We promise our very best efforts!

A greater fight needs to be launched against flies, rats, and mosquitos for better health. A garbage collection system, as practiced in many cities, is another idea. The system usually proves to be self-sustaining and, goodness only knows, the garbage scattered over most of the town is a source of genuine subsistence for the typhus germ-carrying rat. Our streets are deplorable—a fortune is spent annually, in the thousands of dollars—yet we have the same chug-holes that we had 10 years ago; and our great school system, growing yearly into a bigger and better institution, very often needs the sympathetic understanding of the city government.

If the people — the majority, that is — want us to serve, we will serve to the utmost of our ability with your interest at heart. Our terms in office would be marked with sincerity of purpose and honesty in deed and action. There would be no political footballs to kick 'round, nor would any of us choose to run for re-election throughout all the ages. We would do our solemn duty for a few years — then step aside and let others take over without interference from us!

We are in it now — We shall deeply appreciate your vote and support.

A. W. "Mack" McCULLIN FOR MAYOR

BEN F. REICHERT

For Alderman, Place 1

AUGUST G. KUNZ

For Alderman, Place 2
